

Working Together – Businesses and Universities

Professor Fiona Lettice
Pro-Vice-Chancellor Research and
Innovation UEA

Norwich BID Conference, June 2018

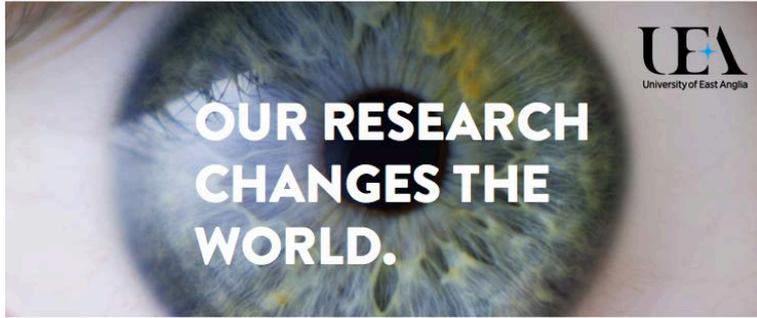

Industrial Strategy White Paper November 2017

Norwich Research Park is a world-renowned centre of agri-tech research and innovation with an annual research expenditure of over £230m... The region's credentials in relation to translational research are also continuing to grow.

**INDUSTRIAL
STRATEGY**

There are substantial established and emerging research clusters across the UK – such as...the **University of East Anglia** for agri-science ... There is potential for these and other excellent universities to develop and scale up local innovation clusters which will deliver local growth

**OUR RESEARCH
CHANGES THE
WORLD.**

FINDING THE RIGHT FIT

A RANGE OF SOLUTIONS FOR EVERY BUSINESS

UEA CareerCentral: Flexible and Effective Support to Help you Access Talent

Our range of services have been designed to support all types of organisations to connect with the talent and potential of UEA students and graduates.

We can help you:

- Raise your profile within specific subjects as well as across the university
- Advertise your vacancies for free on our online job system
- Recruit interns and placement students

We are here to discuss your needs in more detail and find out what works best for you.

Please get in touch at Access.Talent@uea.ac.uk

CONNECT WITH BRILLIANCE
www.uea.ac.uk/business/talent

FINDING TALENT TO SUIT YOUR BUSINESS

Bridging the gap between employer and students, graduates and post-graduates, we offer a range of opportunities for business to engage with students and raise their profile on campus.

- Attendance at one of our Careers Fairs
- Attendance at one of our subject or sector specific events.
- Support the UEA Award
- Share company and career insights at our networking events.
- Host student visits to your organisation
- Offer shadowing opportunities

Promote your Opportunities

- **MyCareerCentral is a FREE online gateway to UEA students & graduates**
- **By registering on MyCareerCentral you can advertise vacancies (part-time jobs, volunteering opportunities, internships, placements and graduate jobs) for free**
- **Reach over 15,000 current students and over 4000 graduates 24/7 via their mobile devices**
- **Update and maintain your organisation's information with your own user ID, and access the system at a time that suits you, whether your in the office or on the go via your smart phone or tablet.**

Host an Intern or Placement student

UEA is committed to supporting students to take up work experience through a range of placement programmes including Internships, Year in Industry and Placements

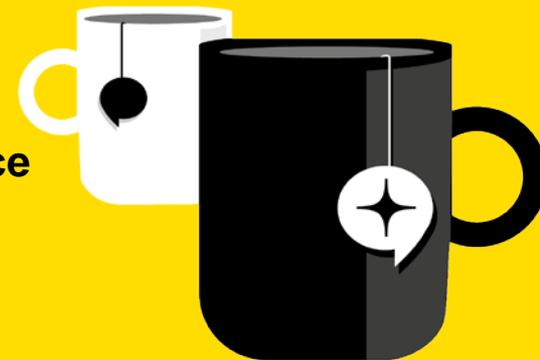

- **Work placements allow organisations to benefit from our students' current knowledge and enthusiasm, providing a fresh perspective and the opportunity for them to positively impact your business.**
- **A placement is a great way for our students to – gain insight into a particular sector or industry and gain valuable experience to help them secure a graduate position**

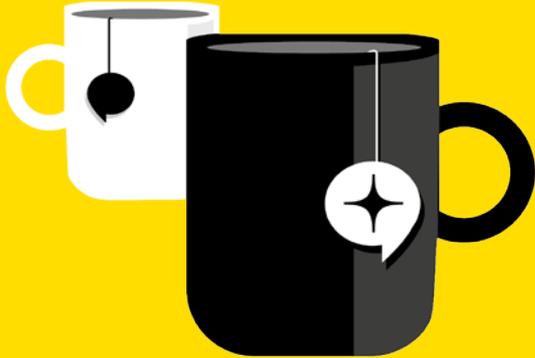

A placement student is an affordable way to recruit for your business. We are keen to work with employers who are looking to access talent and skills and benefit from taking on a UEA student. We will work with you every step of the way to ensure that both you and our students get the most out of the placement.

Share your Knowledge & Experience

Your input can make a world of difference to our students – and ultimately to you and your organisation too.

- **Become a UEA mentor and help students reach their potential**
- **Become a UEA Start-up mentor and help the next generation of entrepreneurs realise their dreams**
- **Host interns / placement students**
- **Support the UEA Award through offering;**
 - **Work shadowing**
 - **Office visits**
 - **Short placements**
- **Attend our networking events designed to help students meet employers and grow in confidence**

HOW WILL WE WORK TOGETHER?
