TO THE PEOPLE

An Innovative Approach

Who is ConsensusPower?

Team with deep and wide experience:

- renewable energy project development and management
- building energy management optimisation
- project funding
- modern IT technology application and development

Developers of the ConsensusPower Local Energy Market platform

Working with Norwich BID to realise the ambition of the Norwich Solar System

Norwich
Solar
System

- **Sustainability: what does it mean?**
- **Walking the path of sustainable abundance**
- **Renewable energy: the ubiquitous factor:**
 - **Clean**
 - **Abundant**
 - **Accessible**
 - **Affordable**
- **All together: co-creation of a Norwich Local Energy Community**

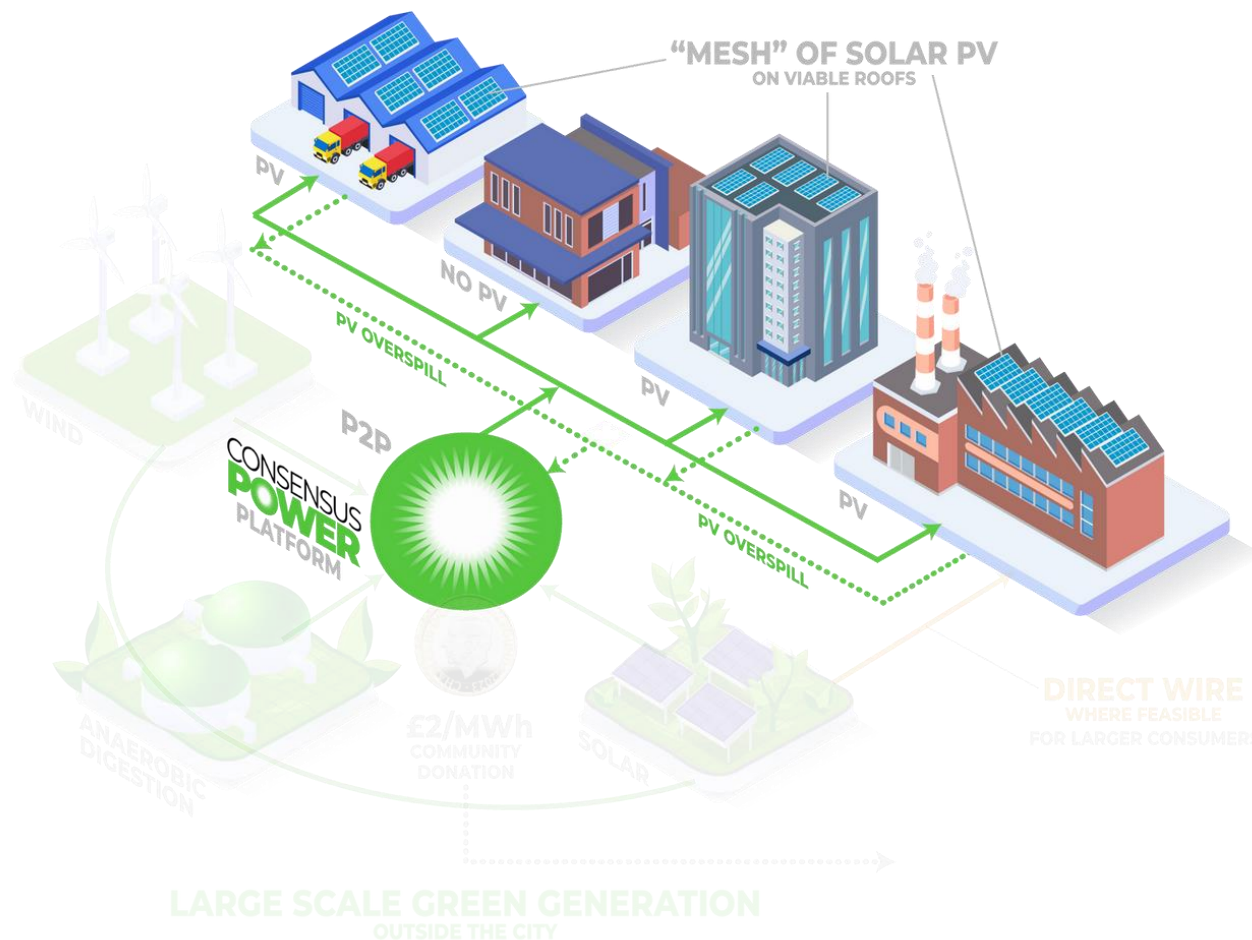

The Big Picture:

Building the Urban Solar Mesh
